This popular series just added a new book in February, Narwhal Otter's Friend, bringing the total number of books in the series to four. These books are all about the friendship between Narwhal and Jelly and their love of waffles. It looks like there are more new books coming in this series, so stay tuned! In the meantime, see what books are on your library's shelves and put in a request if your library does not have these yet.

## NEWS FLASH

- For fans of *Diary of a Wimpy Kid*, the author, Jeff Kinney, is about to publish a twist on this very popular series. *Diary of an Awesome Friendly Kid: Rowley Jefferson's Journal*, out April 9th, features Greg Heffley's best friend, Rowley Jefferson, writing about his pal's adventures. Watch for a new book in the Fall, as the *Diary of a Wimpy Kid* series adds book 14! Keep an eye on Scout's Corner for updates!
- The author of *Big Nate*, Lincoln Peirce, just published a new book, *Max and the Midnights*, an adventure story set in the Middle Ages. This book, released in January, is quite different from the stories about Nate. I am sure we will be seeing more of Max and his adventures, fighting off dragons and saving damsels in distress.
- For fans of *Captain Underpants*, the second season, *Captain Underpants: The Epic Tales of Captain Underpants* started February 5 on the Netflix streaming library. The first season was out last summer and everyone was anxious for more. Looks like there may be six to eight seasons of adventure.
- Sorry to have to say goodbye to the *Here's Hank* series. The 12th and last book in this series, *Everybody Is Somebody*, released January 29th.

## MY FAVORITE THINGS

Are YOU ready for Spring? I think I have had enough of ol' man Winter and I am ready to get outdoors. Do you have a seed library in your town? A seed library is where you can get seeds for free that you can plant and watch them grow. You check them out just like you check out a book, but you don't have to return them! Hundreds of libraries across the country offer this service as a way to educate people about the plants specific to their area. Check out if your library offers free seeds, and if not, see if you can get a seed library started.
