FEATURED SERIES CORNER

Molly Moon

Molly Moon looks like a fun series to read. Molly and her extraordinary talent to hypnotize anyone are SURE to get her in trouble with her friend, Petula the pug. Molly also possesses powers to become anything she wants, like a ladybug, for instance. This series contains six books, so be sure to check out which ones are on your library's shelves.

MY FAVORITE THINGS

A couple more weeks and we will be out of winter and into spring. Spring arrives on March 19th. This winter we did not have much snow; not like years past with the snow piled up higher than the roof of my doghouse! I like the snow, making dog angels and building snow dogs, but I don't like the cold. My doghouse does not have any heat and it can get pretty chilly, so I am looking forward to warmer days and warmer nights. Happy Spring!
