FEATURED SERIES CORNER

Timmy Failure

The last book in this series, It's the End When I Say It's the End, is out September 25. This seventh and final book is about Timmy Failure creating a movie about his life. He has solved many notorious crimes along with this polar bear business partner, Total. Sure to be another hilarious book, but sad to see a series come to an end,

If you are a fan of Captain Underpants, then I am sure you have already discovered the Dog Man series. The latest book, [Dog Man: Lord of the Fleas](#), released August 28. Scholastic was going to only publish 1 million copies but increased the printing to 3 million copies. That's a LOT of books.

MY FAVORITE THINGS

It is hard to believe summer's over and everyone is heading back to school. Hope you had a great summer and got a lot of reading done. My favorite part of having time off from school is I get to read anything I want, whenever I want. The sad part is you get caught up in a series and then have to wait for the next book to be released. Some of my favorites, *Hank the Cowdog*, *Puppy Place*, and *Geronimo Stilton*, all have new books out in September. I'll be first in line at the library to check them out. Have a great school year!
